2024 NATIONAL JUNIOR ANGUS SHOW TO BE HELD IN MADISON, WI

All hands on deck! The 2024 National Junior Angus Show will be hosted by the Wisconsin Junior Angus Association in Madison, WI at the Alliant Center. The Junior association is in the process of organizing committees to help put on this huge event. Hosting the largest cattle event of the year is a massive undertaking - as many already know, it takes a village! If you are interested in being involved, please reach out to Mia Bayer, bayermia5@gmail.com to join a committee.

AM I FULL OF CRAP?

Calf scours are not inevitable. A strong prevention program is non-negotiable. Dependable scour prevention is essential for calf welfare, employee morale and business profitability. The immune system's response to vaccination is variable and unpredictable. That's why giving preformed antibodies instead of relying on a vaccine to stimulate antibody production is so important. I'm all for removing uncertainties. So yes, I stand by this product. (And no, I'm not.)

HENDERSON NAMED 2023 ADVISOR OF THE YEAR

Becky Henderson has been a mentor for youth of the Wisconsin Junior Angus Association (WJAA) for over 10 years. Her commitment to serving Angus juniors recently earned her the Advisor of the Year honor.

"It is so rewarding to see all the young people that went through the WJAA program grow up to become wonderful and responsible adults who are proud supporters of the WJAA and the Angus breed," Henderson said.

As a parent who raised her kids to be active in the National Junior Angus Association (NJAA), Henderson says she understands the value and benefits of NJAA involvement. As a state advisor, she uses this firsthand experience to create a positive and enlightening environment. She encourages members to get involved in all facets of the NJAA. Behind the scenes, Henderson works diligently as a liaison between the state and national associations. She handles the necessary paperwork to ensure juniors actively participate in contests offered at the NJAS. Henderson has also planned and chaperoned mini-LEAD weekends. These allowed WJAA members to go on educational tours and focus on team building and leadership development.

ANGUS CATTLE AT FARM TECH DAYS

Jack Cumming of Fountain Angus Farms hosted the 2023 Wisconsin Angus Association booth at Farm Tech Days. From July 18-20 Angus cattle were displayed in the beef tent. In addition Angus breed educational materials were available at our table booth.

Each year the event has roughly 45,000 attendees. By exhibiting at Farm Tech Days the Association is able to educate others on the Angus breed.

Thank you Jack Cumming's for hosting the booth this year, and thank you to those who assisted in manning the booth throughout the event!
